

Voxel world visual directions

Mood and topology probes - not final production artwork

A Quiet Workbench District

Readable module buildings with exposed folder, file, and symbol layers.

B Living Circuit City

Dependencies become routes; recent changes become active construction.

C Archive Garden

A warmer library campus where exploration and code archaeology lead.

DIRECTION A

Quiet Workbench District

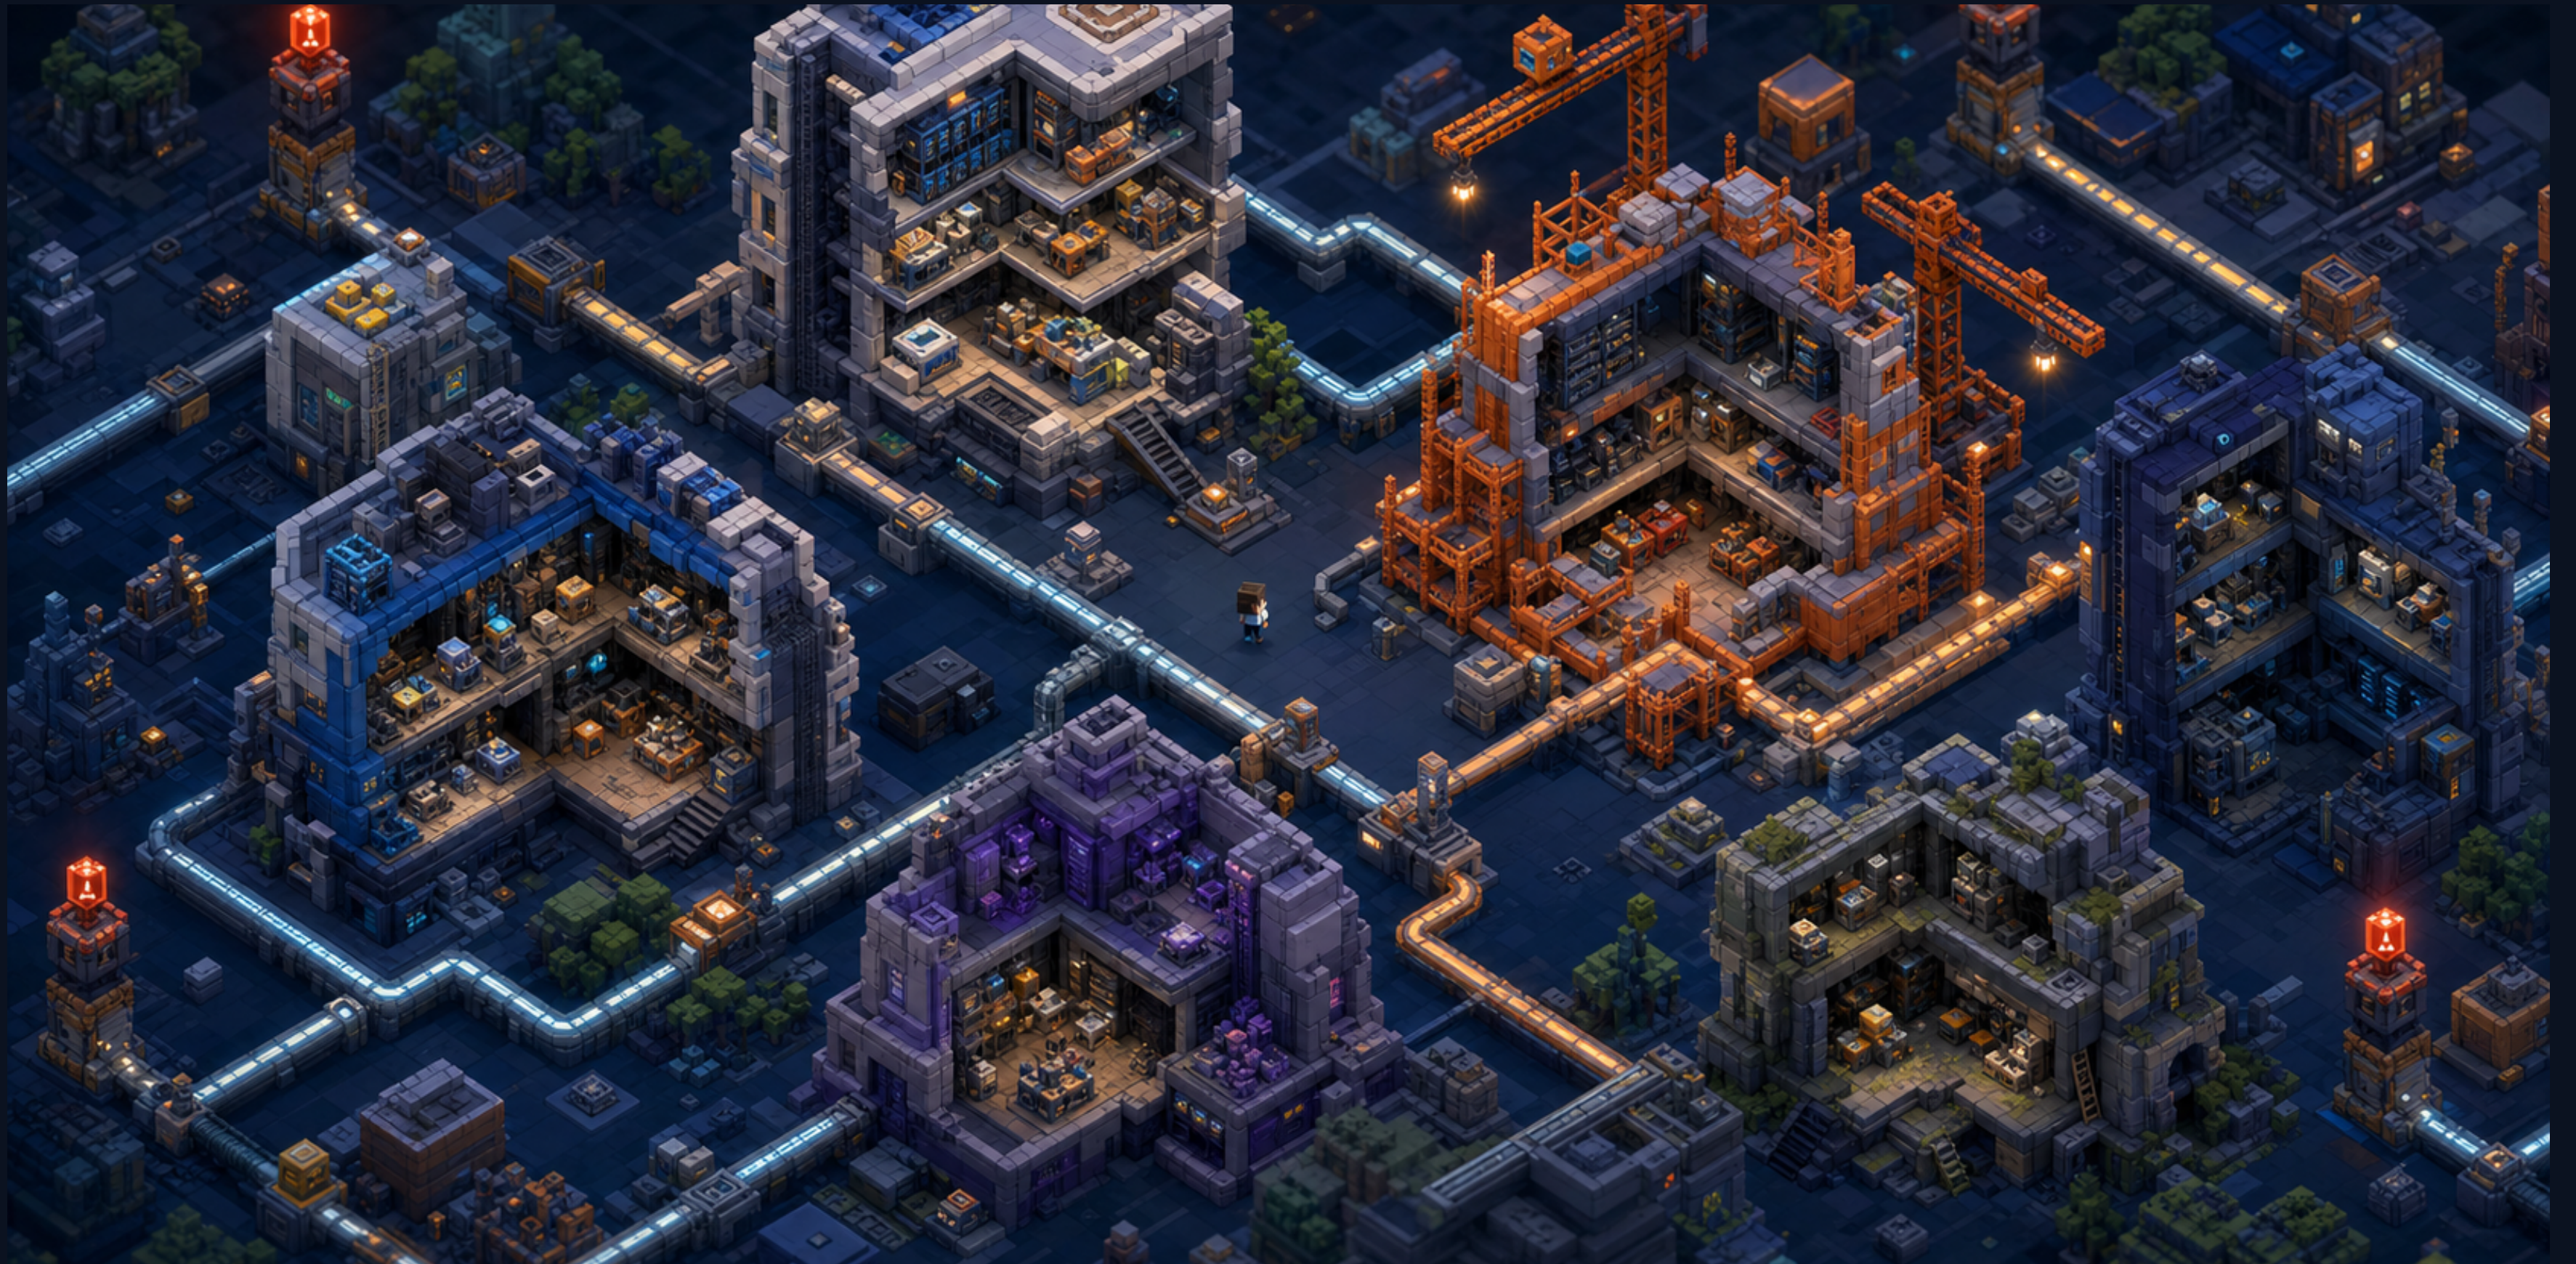

Readable module buildings with exposed folder, file, and symbol layers.

DIRECTION B

Living Circuit City

Dependencies become routes; recent changes become active construction.

DIRECTION C

Archive Garden

A warmer library campus where exploration and code archaeology lead.
